For maps, pamphlets, or any other information respecting them, address EBENEZER COOK, Land Commissioner, Davenport, Iowa.

APERIENT.

Sects and Creeds Differ, but there are no dissenters from the general principle, that a great medicine is a great blessing. We have many of these blessings, but among them all, in the province to which it belongs, no greater than

Tarrant's Effervescent Seltzer Aperient.

A column would not suffice to enumerate the ailments for which it is prescribed by physicians of the highest standing. It does not belong to the class derisively termed patent medicines, but is an article based on scientific analysis, and will stand the test of the sharpest and most rigid medical criticism as a cathartic, a stomachic, an antiseptic preparation, and an admirable remedy for all bilious complaints.

Let there be no mistake. Secure the **genuine article only.** SOLD BY ALL DRUGGISTS.

Postage Stamps.

Mr. Tom Hughes is said to have said that nothing more amazed and terrified him in this country than our *perfect* recklessness with regard to postage stamps. In England every one makes it a point to have his own about him; no one thinks of "borrowing" for the good reason, perhaps, that nobody thinks of lending them. An Englishman clings to his stamps with a tenacity only second to that with which he holds to life. His house, his library, ink, paper, envelopes, are all at your disposal; but—if you please, your own stamps.

They are right about that. There is a fearful looseness about this matter here. Who remembers, after freely stamping a budget of letters at the writing table of his kind host, to bring back, by and by, four green ones and two brown? Conscience induces the greater part of mankind to have in the place of this lightly used commodity, a small pile of cents by way of compensation; but what an inadequate one it is! Some fine day the master of the house is sending off his letters for the mail, and lo! the stamp box is empty, and nothing is left but a wretched pile of cents, as useless to him as gold to Robinson Crusoe. In this matter evidently the only safe motto is:

"Every man his own stamps."

Sick Headache.

Sick headache is caused by overloading the stomach—by indigestion. It may be relieved by drinking very freely of warm water, whether it produces vomiting or not. If the feet are cold, warm them or bathe them in water as hot as you can bear it. Salts or ashes in the water will do good. If the pain is very severe apply cloth wrung out of hot water to the head, pack the head as it were. To prevent it, let plainness, simplicity and temperance preside at your table. In some cases medicine is necessary, but if the above is properly carried out, almost immediate relief is experienced.

Literary Notices.

THE ILLUSTRATED CHRISTIAN WEEKLY for July 15th, contains a variety of interesting matter among which are the following illustrated articles: Egyptian Nile Boats; Lake George; Life in the Coal Mines; The Tree Chapel of Alonville. The paper enters with this number, upon the second quarter of its existence, and the publishers, in order that they may better introduce it to their friends offer to send it to any subscriber, from the present date to the first of January, for seventy five cents; a rate which, it is believed, renders it the cheapest illustrated paper in the country. The paper is enriched by articles from Drs. Adams, Skinner, Schaff, Budington, Cuyler and Rankin, Professor Baird, Jas. C. Abbott, Dr. Hall, and others. Darling, Hart, Gilford, Rossiter, and Chapman have contributed to the art department.—While the paper has never lost sight of its Christian aim, it has illustrated the breadth of the Christian religion by the range of its topics.

Frederick William had a grand reception at Munich on Saturday.

Attempts by unknown assassins to murder Marshal Bazaine, are reported from Geneva.

The Spanish Cortes, at the close of an excited debate have resolved to keep Cuba at any cost.

The youngest son of the late President Lincoln, familiarly known to the whole country as "Tad," died at Chicago, Sunday morning. His age was 18 years.

Several persons were seriously injured by a benzine explosion and subsequent fire on Sixth avenue, New York, on Saturday morning.

A $100,000 fire in Newburg, New York, on Saturday night threw a hundred men out of employment and made twenty families homeless.

We are glad to be able to report that Mrs. J. D. W. Williams is comparatively comfortable considering the extent of the injuries received by the terrible accident on Wednesday. Strong hopes are now entertained of her recovery.

About the Riot.

The fat al number of the killed thus far reported is fifty six, five additional deaths having occurred since Thursday night.

Mayor Hall is in the receipt of bushels of letters from indignant Democrats, denouncing his course. He received 950 Saturday.

Many of Huffman's portraits are being taken down or mutilated in the Irish liquor saloons, and some are turned bottom side up.

The police authorities are very indignant at Captain Petty for publishing his statement reflecting on the soldiers, and threaten to depose him. The various papers indulge in another round of very facetious editorials at the expense of Jim Fisk.

A member of the Orange Lodge No 22, who was in the procession, publishes a long card this morning, stating that poisoned sandwiches were thrown from windows to the men in the procession. An order was given to the men not to touch them. He then gives full particulars, showing that the troops did not fire until many bullets and other missiles had been fired at them by rioters.

Two of the companies of the Eighty-fourth Regiment include a large percentage of the American Protestant Association, and one at least of the companies in the right wing contains an equally large proportion of Roman Catholic Irish. These facts account for the circumstance that while the fire from the left wing was heavy and general, many of the men on the right waited orders to fire, and afterwards extended the butts of their muskets to the police officers showing caps still unexploded, in proof that they had not fired.

The Wickford Route,

The Pendulum gives this route a good word. It says: The business of this line, we learn, is quite as good as expected, it being well patronized for a new line, by through travel between New York and Newport. The conductor of the train, Mr. Niles, is a first class officer, having ten years' experience in railroading on the Providence and Stonington railroad, and having long since known how to please and accommodate the traveling public. The officers of the Eolus are just the men for their places. Captain Keene our public well know, having had a year's acquaintance with him on the Greenwich and Newport route. Mr. Warren, the new clerk, is a gentleman, and knows how the business of the boat shou l be conducted to please and accommodate his passengers. We see no reason why the Wickford route should not be as popular as it is pleasant.

Virginia's Attractions.

Among the attractions of Virginia, which the health and pleasure seakers are expected to visit, are the Natural Bridge in Rockbridge county, its arch fifty feet higher than Niagara Falls; the Peaks of Otter in Bedford county, five thousand three hundred and seven feet above the level of the sea, where it is said that John Randolph, after witnessing an inexpressibly beautiful sunrise, turned to the servant accompanying him and told him never from that moment to believe any one who told him there was no God; Hawk's Nest or Marshall's Pillar, in Fayette county; the Natural tunnel in Scott county, carved one hundred and fifty yards through the solid rock, making a vast subterranean cavern or grotto; Weyer Cave in Augusta county, which is two thousand five hundred feet long and of rare beauty, spacious apartments extending to the distance of half a mile and adorned with their brilliant stalactites; the tea table near Capon Springs, a mass of rock about four feet in diameter and the same in height, from the top of which issues a clear stream of water, flowing over the brim on all sides, and forming a beautiful natural fountain; the ice springs in Hampshire county, which rises about five hundred feet above the North river, the west bank of which is covered with loose stone, on removing which, pure crystalline ice can always be found in the hottest days days in summer: the Panchoon Run falls, near the Alleghany Springs, and not discovered until the year before last; the salt peral in Giles county; New River, with its magnificent and varying scenery; the upper sources of Tyre river, in the mountain region of Nelson county, where there is a splendid cascade that comes bounding down the mountain, precipitating itself into the river below.

The Chicago "Post," on the receipt of Mayor Hall's proclamation refusing to allow the Orangemen to parade, said that the next thing expected is that if Mayor Hall hears that a gang of burglars are about to "go through" a certain house, he will address the proprietor as follows:

My Dear Sir: Some eccentric gentlemen have spotted your residence for this evening. They are wrong, but we cannot have a riot. You had better move out.

Yours, OAKEY HALL.

A Journal to look after American interests has been established in Mexico.

The French Government wants to buy 2,000,000 pounds of tobacco very cheap.

Gongs are no longer used at hotels, there being stated hours for the meals, and the guests are expected to be on hand when the time arrives for feeding "without further notice."

The Tribune charges a point blank lie on Governor Hoffman in saying that he was not apprised until Wednesday of the situation, and says it has proofs to the contrary.

Henry Clay's old home, Ashland, has been purchased by the University of Kentucky for $80,000.

A colony of one thousand Aleutians is expected to establish themselves in the vicinity of the capital of Mexico.

The wheat crop in Pennsylvania and New Jersey is declared to be at least ten days earlier than it was last year.

Only 10 democratic papers in Kentucky support the new departure theory.

The Missouri Democrat again calls loudly on Senator Carl Schurz to define his position.

In Massachusetts the friends of a certain politican, base his claim to be lieutenant governor on the fact that he was among the original advocates of the Hoosac tunnel.

Mr. Richard J. Oglesby, it is said, is one of the republican candidates for Congressman at large in Illinois, to fill the vacancy caused by the election of Gen. Logan to the Senate.

McGinnis, a reporter of the Star, the Tammany organ, has been committed as a rioter. One hundred laborers have been so far discharged from the boulevards for leaving their work without orders on Wednesday.

A naughty little boy blubbering because his mother wouldn't let him go down to the river on the Sabbath, upon being admonished, said: "I didn't want to go in swimmin' with 'em, ma. I only wanted to go down and see the bad little boys drown for going a swimmin' on a Sunday."

Chief Justice Chase is at St. Louis Magnetic Springs, Mich., where he will spend the summer. It is said that his health is much improved: he has but little need of medical attendance, and takes steady exercise; the paralytic symptoms have disappeared, and his face and form are fast regaining their former roundness of outline. His friends are confident that in October he will resume his seat on the bench, in better health than he has been for many years.

A married man was recently urged by an insurance agent to take out a policy for the benefit of his wife to the amount of twelve or fifteen thousand dollars, and a long discussion ensued, which was ended by the husband, who said. "No, a widow with more then ten thousand dollars would be a dangerous legacy to leave to posterity."

One of a party of Eastern men offered a miner a half dollar for showing them through the Nevada Silver Mines. He looked at the money a moment, and then turning to the Easterner, said, "May I ask you how much you are estimated at home to be worth?" "About twenty five thousand dollars," was the reply. "Well," said the miner, "I guess I won't take your half dollar. I made a quarter of a million here last month."

Some time since a little boy six years old drowned in a cistern at Detroit. His father sued the owners of the premises for damages and last week, after three days' trial, he received $500.

Long Branch Personals.

The News says Bishop Simpson and wife, of Philadelphia, Hon. P. W. Hitchcock, of Nebraska, and Capt. R. W. Holmes, of the yacht Flying Cloud, are stopping at the West End.

Governor Theodore F. Randolph, of Morristown, Hon. R. C. Gilchrist, of Jersey City, Hon. H. S. Little, of Trenton, are sojourning at the Mansion House.

The following distinguished strangers are sojourning at the West End: Hon. George Smith, of London; Hon. Brackstone Baker, President of the Great Western Railroad Companies; Hon. W. K. Muir, Secretary of the same Company, and Count Turenne, of Paris.

On Saturday Horace Greely, of world wide notoriety, paid a visit to the Branch. He remained only one day, and returned to New York fully aware that the people of the Branch are entirely loyal to the constitution.

Hon. Peter B. Sweeny, of New York; and Rev. Wm. Wilson, D. D., of Cincinnati; are stopping at the Continental Hotel.

The President, it is announced, has determined to postpone his visit to Washington for ten days or two weeks, as no Cabinet officer is there, and no important business to require his attention.

Cadet Grant, instead of joining his regiment, the 4th Cavalry, to which he has been assigned, goes to Europe on a six months' tour.

The New York Commercial Advertiser says General Sherman will soon be added to the celebrities at Long Branch. It is said that the President always experiences a feeling of relief when the General is by. This may arise from the fact that the presence of the distinguished soldier inevitably creates a diversion in the crowd, no matter at what shrine it worships, or that the society of old Tecumseh operates as a shield to keep off the importunate, who do not care to be the victims of his abrupt way of dealing with nuisances. The President is so easy with these fellows that they have no awe of him; but when Sherman is about, they are as modest and gentlemanly as though they had been brought up on Mrs. Winslow's soothing syrup.

The Providence Conference Seminary at East Greenwich has received a munificent donation of one thousand dollars, to be applied to the reduction of its debt. The generous donor is the Hon. William Greene of Warwick.

About Home.

The street sweepers are at work on Thames street.

The N. Y. Post says J. F. Kennedy is coming to Newport.

A rough loan was arrested last night at about 1st o'clock. He was released this morning.

Yesterday was a very agreeable Sunday. The cool breeze which prevailed much of the day was decidedly refreshing as compared with the hot weather of last week.

The steamer Canonicus passed around Beaver tail this morning with an excursion party made up of the Sunday School of Trinity Methodist Episcopal church in Providence.

The ladies tell us that there are no kid gloves to be had in town. This is a sad item and we hope our merchants will see to it that such a complaint shall not long be raised.

The Providence Herald says: The fleet and famous yacht Palmer arrived at Newport Friday, and attracts multitudes to gaze upon her graceful lines and neat appointments as she rides at her usual anchorage in Breton's Cove.

We understand that a young man from the Narragansett country was in town a few days since exhibiting a "two headed rooster" at three cents a sight. Whether he made his fortune by the show we cannot say, but certainly the price was low enough to make the exhibition popular.

We understand that the Temperance poem of Mr. B. W. Pearce, "Satan's Master Plot and its Circumvention," which has been received with applause wherever it has been listened to, is to be published in pamphlet form. It will be ready for distribution early in September.

ARRIVED.—The yacht Dauntless, commodore James Gordon Bennett jr is now in the harbor, and will make her headquarters here during the remainder of the season.

THE RIOT.—Rev. D. P. Leavitt preached yesterday afternoon on the recent New York riot and the relations of the Romish Church to American institutions. It was a very able and candid discussion and will be continued at a future time.

ANOTHER RUNAWAY.—Mr. Edmund Smith of this city was coming in town Saturday afternoon, when his horse took fright and ran, throwing him out and injuring his shoulder severely. We should think that the numerous runaways we have had to chronicle of late, might lead men to be a little more careful in their management of spirited horses.

OFF WESTERLY.—The Seventy first regiment, New York National Guard, have chartered the steamer City of Lawrence, for their excursion, and she will leave New York on Monday, the 24th inst., at 4 p.m., for Newport, arriving here at an early hour on the 25th. A parade will be made and the troops reviewed while here, and they will leave for Providence later in the day.

RESCUED.—Mr. George D. Brewerton jr. while bathing on Saturday got beyond his depth and but for the presence of mind of his younger brother, must have been drowned. The little fellow, with an effort and courage greatly in advance of his years managed to get him into a boat, dress him, and bring him to the Lime Rock light house where he was taken care of, and at last accounts was doing well though somewhat prostrated.

PUBLIC SCHOOLS.—The following are the appropriations to the public schools in the several towns of Newport county:

Payable July 15—Newport $1,468 09; Middletown $319 15; Portsmouth $510 64; Tiverton $765 96; Little Compton $638 30; Jamestown $127 66; New Shoreham $382 98.

Payable December 31—Newport $3,625 87; Middletown $370 35; Portsmouth $599 81; Tiverton $576 55; Little Compton $271 32; Jamestown $93 02; New Shoreham $346 90.

IN A BAD CONDITION.—Many are the complaints that have reached us in regard to the condition of Bellevue Avenue. The New York and Boston papers are now taking up the theme and are commenting upon the state of Newport's boasted street, not at all to our advantage. It is time that it was seen to if we wish to keep up our fair fame abroad.

PERSONAL.—Gov. Hoffman arrived at the Ocean House Saturday night. He will spend much of the summer in Newport.

Ex. Gov. Bullock and family are at the Atlantic House.

We notice James Gordon Bennett jr's. yacht, the Dauntless, anchored in the neighborhood of the Maitland place so we take it for granted that its owner has arrived and is occupying his beautiful villa.

Rev. E. S. Stanley, the former pastor of the Marlboro St. Methodist Episcopal church, was in town yesterday.

A Newport correspondent of the Evening Post, gives a description of a pleasant entertainment recently given by the owner of a villa on Halidon Hill, to the poor children of the neighborhood. Fashionable watering places are the proverbial teachers of heartlessness, and shameless extravagance and splendid egotism; and to find there one specimen of that humanity that takes to heart the privations of the poor, is more freshening than a sea breeze.

The writer of the above, which we clip from the New York Standard, is greatly mistaken in his estimate of the liberality of the summer residents of Newport. What he says may be true of other places, for aught we know, but it is not true of the gentlemen and ladies who congregate here. Some of these have given largely to local charities and are always ready with a liberal response to the calls made upon them. Our summer visitors give freely for the support of the churches, libraries, and public institutions of the city generally. They are of the class that take an interest in these things, rather than in horse racing and gambling which go so far toward collecting crowds at Saratoga and Long Branch.

YALE GLEE CLUB COMING.—The Yale Glee Club, a fine amateur musical organization from Yale College is to be here on the 26th and sing in the Opera House. The club is on a yachting tour similar to one made by a preceding club several years ago, and thus far the young musicians have been very successful.

The managers of the Children's Home acknowledge gratefully the following donations for the past month: 6 doz. biscuit, 168 loaves of bread from Mrs. Franklin, Child's papers, 2 magazines, 2 ditto, 2 ditto, 2 dresses, 2 aprons, 2 pairs stockings, 2 pairs shoes. Milk every day, brown bread weekly, from Mr. Davis of Broad Street.

Bishop McFarland and the Recent Disturbances in New York.

At early mass in the Cathedral, yesterday, Bishop McFarland made some remarks upon the recent disturbances in New York, in which he declared that the persons who participated in the riotous proceedings were not Catholics who followed out the teachings of the Church, but were those of the nominal class, and he condemned them severely for their action. The Church does not countenance any violence, and could never sanction such proceedings as those which occurred in New York, Wednesday last. It was unjust for the American people to charge the Catholics with intolerance, and it is a statement for which there is no foundation whatever. He instanced several cases to illustrate what he termed Protestant intolerance; the church burnings in Philadelphia; the sacking of the Ursuline Convent in Charlestown, in '34, and other workings of "Protestant mobs." The Catholic Church, the Bishop said, was ever opposed to secret organizations, as being productive of pernicious evils, and oftimes incentive to riot and bloodshed. While believing the principles and nature of the Orange organization to be most pernicious, yet he declared there was no necessity, no justification for making any violent demonstration in opposition to it.

Mrs. Elizabeth Cady Stanton and Miss Susan B. Anthony have a lively idea that women are entitled to commit crime equally with men. They illustrated this idea on Thursday by visiting and condoling with Mrs. Fair, who is in prison at San Francisco for murder, and who is guilty of other crimes. With such examples before them, it is no wonder, as the woman suffragists complain, that the good wives and mothers of the country do not demand universal suffrage.

A citizen of Connecticut, recently introduced to a newly married man congratulated him warmly and said: "Ah, these Litchfield County girls make clever wives; I've had three of 'em."

The Hon. John Prentiss, of Keene, New Hampshire, aged ninety three, is said to be the oldest Mason living in the United States having traveled the rugged road and received his degrees in 1807.

A gentleman having a pony that started and broke his wife's neck, a neighbor told him that he wished to purchase it for his wife to ride upon. "No," says the other, "I will not sell the little fellow, because I intend to marry again."

Good Styles Japanese Silks, 62 1-2 cts. per yard, at Annable & Allen's, 218 Thames str.

A Philadelphia hack driver drove a dead man around for half a day, and didn't know it till he tried to collect his fare.

There is a huntress in the Alleghanies who crops her hair short, chews tobacco, and is a dead shot with a rifle.

Oak Bluffs, and Martha's Vineyard camp meeting grounds, are becoming quite a popular seaside resort, and justly so. Many summer visitors have already arrived, and active preparations in the shape of new cottages etc., are making for the reception of others.

The telegraph advises us that Spain is going to send 10,000 more troops to put down rebellion in Cuba—an uprising that we have had weekly accounts from Havana for two years past, has been subdued utterly harmless. The Cubans, no doubt, want aid, for an expedition from Venezuela has landed near Santiago, and has landed the Spanish troops successfully on several occasions. It may be a filibustering expedition, but it has formidable features about it. The Venezuelans deny that they have anything to do with it; and it is believed to be composed of sterner stuff than can be produced there.

A Beautiful Irama Lace Point for $12, at 213 Thames street.

"I know a maiden fair to see,"

he may perhaps have alluded to some beautiful sewing girl running a Weed machine. Messrs. Hibbard & Hawkins, No. 199 Westminster street, Providence, are agents for the Weed.

Strangers in Boston, wishing quiet and elegant accommodations, with every convenience, and in the very centre of business or amusement, can find no better stopping place than the AMERICAN HOUSE, on Hanover st.

The worst Colds yield, as if by magic, to the wonderful curative powers of Dr. Pierce's Alt. Extr. or Golden Medical Discovery. It also surpasses anything else ever before discovered for the cure of Pimples, Blotches and Rashes on the face; also for Erysipelas, Salt Rheum, and all Skin and Scrofulous diseases. Sold by druggists.

Our Skins are Solved,

And through millions of orifices pours the transparent fluid which nature does not need for vital purposes. This is a wise provision of Providence, but excessive perspiration is, nevertheless, extremely weakening. During the heats of Summer all hard-working men perspire to an extent that is more or less debilitating. They, of all classes of the community, require a wholesome lux gorant at this season. Let them not seek it in the liquors of the barroom; they will not find it there. A medicated stimulant, pure and undefiled, is what they need; and among this class of remedies, Hostetter's Stomach Bitters stands alone. No valid plea can be urged against its use, even by the zealots of Temperance itself; for even the Maine law permits the sale of diffusive stimuli for medicinal purposes. As a general renovating preparation, the Bitters has no equal anywhere. But this is only one of the merits of this famous invigorant. Its regulating properties give it an immense superiority over all the tonics of the Pharmacopœia. In cases of chronic constipation it is the most useful and certain of all aperients. It excites no violent commotion in the discharging organs, but gently relieves them of their obstructions, leaves them in a healthy, vigorous condition. It seems unnecessary to state, in view of the mass of testimony as to its effects in dyspepsia, that it is a permanent cure for that terrible and but too general complaint.

The numerous "Bitters," under various names, which mercenary cupidity endeavor to substitute for Hostetter's Stomach Bitters, should be avoided, for their own sakes, by the sick and the public at large. Hostetter's Bitters are procurable in bottles only, and never sold in bulk.

For all Summer Complaints,

Such as Diarrhœa, Dysentery, Cholera Morbus, &c., &c., Hurlburt's Balsam has no equal, having never known it to fail in a single instance, and producing a speedy and permanent cure. It should be taken in doses of one half to two teaspoonfuls, in warm sweetened water, to be repeated hourly until relieved.—coo-1

WHY do people suffer with corns, bunions and other painful affections of the feet when by a slight expense and no pain they can be relieved. Dr. Barker, the Chiropodist has an office on Bellevue avenue near the Ocean House. Office hours, from 9. A. M. to 5 P. M. Residences visited without extra charge.

No accidents have ever occurred from burning, storing or handling Pratt's Astral Oil. Over 100,000 families, who continue to use it, can testify to its perfect safety. It gives also a clear, soft and beautiful light—unequalled even by gas.

Thousands are killed every year by accidents arising from the use of impure oil. Be warned in time, and use only Pratt's Astral Oil—the safest and best. Its reputation is world wide. No accident can possibly occur from it.

Consumption,
ITS CURE AND ITS PREVENTIVE,
By J. H. SCHENCK, M. D.
Many a home will this book pass through, for whose death there was no other reason than the neglect of known and indisputably proved means of cure. Those most subject to fatality and fevers are sleeping in graves already filled with victims who had only tardily adopted
DR. JOSEPH H. SCHENCK'S SIMPLE TREATMENT,
and availed themselves of his wonderfully efficacious medicines, they would not have fallen.
Dr. Schenck has in his own case proven that whenever a sufficient vitality remains, that vitality, by his medicines and his directions for their use, is quickened into healthful vigor.
In this statement there is no public presumption. To the facts the invalid is made to put presentation that in all abdominal cases substantiated by living and visible witnesses. The theory of cure by Dr. Schenck's medicines is simple in the extreme. Its philosophy requires no argument. It is self-assuring, self-convincing.
The Seaweed Tonic and Mandrake Pills are the first two weapons with which the citadel of the malady is assailed. Two-thirds of the cases of consumption originate in diseased Liver and Dyspeptic disorders. They together act upon the Liver, and thus expose the culminating results and the seeming life, with all its distressing symptoms, of
CONSUMPTION.
The Mandrake Pills are composed of one of Nature's noblest gifts—the Podophyllum Peltatum. They possess all the blood-purifying, alterative properties of calomel, but unlike calomel, they
"LEAVE NO STING BEHIND,"
The work of cure is now beginning. The ridded and mucous deposits on the bowels and in the alimentary canal are thrown off by the liver, like a clock, is wound up. It arouses from its torpidity. The stomach acts responsively, and the patient begins to feel that he is getting, at last,
A SUPPLY OF GOOD BLOOD.
The Seaweed Tonic, in conjunction with the Pills, permeates and assimilates with the food. Chylification is now progressing, with all its previous fortunes. Digestion becomes painless, and the cure is soon to be at hand. There is no more flatulence, no exacerbation of the stomach. An appetite sets in.
Now comes the greatest Blood Purifier ever yet given by an intelligent father to suffering man. Schenck's Pulmonic Syrup comes in to perform its functions and to hasten and complete the cure. It enters at once upon its work. Nature cannot be cheated. It collects and ripens the impacted and diseased portions of the lungs. In the form of expectoration it prepares them for expectoration, and at last in a way to insure the malady is vanquished, the rotten tissue that is occupied is renovated and made new, and the patient, in all the dignity of regained vigor, steps forth to enjoy the manhood or womanhood that was!
GIVEN UP AS LOST.
The second thing is, the patients must stay in a warm room, until they get well; it is almost impossible to prevent taking cold when the lungs are diseased, but it must be prevented or a cure cannot be effected. Fresh air and ridings out, especially in this season of the country in the fall and winter season, are all wrong. Physicians who recommend that course lose their patients, if their lungs are badly diseased; and yet, because they are in the house they must not sit down quiet; they must walk about the room as much and as fast as the strength will bear, to get up a good circulation of blood. The patients must keep in good spirits—be determined to get well. This has a great deal to do with the appetite, and is the great point to gain.
To despair of cure after such evidence of the possibility in the worst cases, and moral certainty in all others, is sinful. Dr. Schenck's personal statement to the Pacific of his own cure was in these modest words:
"Many years ago I was in the last stages of consumption; confined to my bed, and at one time my physicians thought that I could not live a week; then like a drowning man catching at straws, I heard of, and obtained the preparations which I now offer to the public, and they made a perfect cure of me. It seemed to me that I could feel them penetrate my whole system. They soon ripened the matter in my lungs, and I would spit up no more than a pint of offensive yellow matter every morning for a long time. As soon as that began to subside, my cough, fever, pains and night sweats all began to leave, and my appetite became so great that it was with difficulty that I could keep from eating too much. Soon gained my strength, and have grown in health ever since."
"I was weighed shortly after my recovery," said the Doctor, "and then looking like a mere skeleton; my weight was only ninety-seven pounds; my present weight is two hundred and twenty-five (225) pounds, and for years I have enjoyed uninterrupted health."
Dr. Schenck has discontinued his professional visits to New York and Boston. He or his son, Dr. J. H. Schenck, jr., still continue to see patients at their office, No. 15 North Sixth street, Philadelphia, every Saturday from 9 A. M. to 3 P. M. Those who wish a thorough examination with the Spirometer will be charged $5. The Respirometer declares the exact condition of the lungs, and patients can readily learn whether they are curable or not.
The directions for taking the medicines are adapted to the intelligence of a child. Follow these directions, and kind Nature will do the rest, excepting that in some cases the Mandrake Pills are to be taken in increased doses; the three medicines need no other accompaniments than the simple instructions that accompany them. First, create appetite. As certainly as health hunger is the most welcome symptom. When it comes, as it will soon, let the despairing at once be of good cheer. Good blood at once follows, the cough lessens, the night sweat is abated. In a short time both of these morbid symptoms are gone forever.
Dr. Schenck's medicines are constantly kept in tens of thousands of families. As a tonic or purgative, the Mandrake Pills are a standard preparation, while the Pulmonic Syrup, as a cure of coughs as I colds, may be regarded as a prophylactic against consumption in any of its forms.
Dose—Of the Pulmonic Syrup and Seaweed Tonic $1.50, a bottle, or $7.50 a half dozen. Mandrake Pills, 25 cents a box. For sale by all druggists and dealers.

AFTER THE RIOT.

BURYING THE DEAD.

NEW YORK, July 16.

The funeral of Henry C. Page and Sergeant Wyatt, of the Ninth Regiment, took place today. The funeral services were performed at Calvary Church, the Rev. Dr. Flagg officiating. He endorsed Governor Hoffman and eulogized the National Guard. The sermon occupied nearly two hours. The ceremonies being over, the procession, composed of the 1st, 8th, 9th, 12th and 71st Regiments, proceeded up Madison avenue to the Harlem depot. Here a terrible storm came on, and the wind blew a large tree right across the avenue, compelling an alteration in the line of march. The rain fell in torrents, dispersing the crowds which had followed the procession. A special train was in waiting to take the remains to Woodlawn Cemetery.

Several others killed in the riot were buried today.

NO DISTURBANCE.

Contrary to all expectations, no disturbance occurred.

A GENERAL INQUEST TO BE HELD.

Colonel Young, in an interview with the Mayor, stated he should hold a general inquest on the dead, and take voluminous testimony. The inquest will commence next Wednesday.

COMPLIMENTING THE POLICE.

The Board of Police have adopted a series of resolutions which will be read to the force, thanking the officers for their zeal, bravery, and calmness, displayed on the 12th.

The Commissioners of Police yesterday received a communication from Gov. Hoffman eulogizing the police force generally. He says "no city need desire braver or better defenders than New York possesses."

Government is preparing to meet it.—The constabulary have received arms and ammunition, and the Ashwood volunteers have been ordered to hold themselves in readiness. Government is alive to the danger, and is determined to teach the negroes a lesson if they rise.

CUBAN MATTERS.

NEWPORT DAILY NEWS

Governor Hoffman's action deserves the thanks of every law abiding citizen. It was a tardy concession to an indignant public sentiment, which had been thoroughly aroused by the shameful course of Mayor Hall and the city authorities. We shall not inquire into the motives which inspired the governor, but, forgetting his past history and bondage to Tammany, give him full credit for doing his duty, nothing more. His proclamation has the true ring. It is even better than Governor Randolph's since it does not admit that the propriety or impropriety of the Orange parade has the slightest connection with the question at issue between the officers of the law and the blood thirsty 'desperadoes' of New York. Mr. Hoffman has once before distinguished himself by his fearless conduct in a crisis which made his political associates tremble. As recorder of the city in 1863, it fell to him to try the rioters of that year, and he performed the duty in a manner which satisfied the highest public sentiment. Governor Hoffman is no friend of ours, but in the present emergency he has done a good thing and deserves all praise.—*Advertiser.*

THE

New Orleans, Mobile and Texas

RAILROAD COMPANY

Are building a first-class railroad, from Mobile, Alabama, to Houston, Texas, a distance of 475 miles. The stockholders have paid in, and already expended upon the work, nearly **TEN MILLION DOLLARS**, and two-thirds of the entire road has been built. It is believed that no other railroad connection in the country has ever made so large an expenditure from its own means, before offering any of its securities to the public.

Among the leading stockholders are HON. E. D. MORGAN, HON. JOHN A. DIX, WOLD, MESSRS. MORTON, BLISS & CO., J. & W. SELIGMAN & CO., L. VON HOFFMAN & CO., JAMES H. HANKER, HARRISON, DURKEE, JOHN STEWARD, and other well known capitalists.

The Company now offer for sale the

Eight Per Cent Mortgage Bonds.

upon that part of the line west of the Mississippi River, which is considered so important to Louisiana that state aid, to the amount of $3,200,000, has been granted or guaranteed to the enterprise.

The Bonds are of two classes:

FIRST MORTGAGE BONDS,

to the amount of $12,000 per mile, and

SECOND MORTGAGE BONDS,

to an equal amount, the principal and interest of the latter being guaranteed by the State of Louisiana. The price of the two classes is the same, and subscribers can take their choice.

The Bonds are only in the denomination of $1,000 or $200 each, interest payable January and July, at the rates of eight per cent. currency in New York or seven per cent. gold in London, at the option of the holder, at the time each coupon is due. Bonds can be registered if desired.

One thousand dollars invested in these eight per cent. bonds will give the purchaser MORE THAN SEVENTY-SEVEN PER CENT. greater annual interest than the same amount invested in the new Government Five Per Cents.

These Bonds are offered for the present at 90, and accrued interest at 8 per cent. currency from July 1 to date of remittance.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

SOLICITOR OF PATENTS,

For Inventions, Trade Marks, or Designs,

No. 76 Summer St., opp. Kilby St., Boston.

AFTER an extensive practice of upwards of twenty years, has obtained more patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, and all papers for Patents executed on reasonable terms, with dispatch. Examinations made to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished, by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of Inventions.

All necessity of a journey to Washington to procure a Patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON, Commissioner of Patents."

"I have no hesitation in assuring inventors that they cannot employ a man more competent and trustworthy and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents."

"Mr. R. H. Eddy has made for me over THIRTY applications for Patents, having been successful in almost every case. Such unmistakable proof of great talent and ability on his part, leads me to recommend all inventors to apply to him to procure their Patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.

JOHN TAGHART."

No. 21 Endicott Street, Boston, Mass.,

is so arranged that patients never see or hear each other. Recollect the only entrance to his Office is **No. 21**, having no connection with his residence, consequently no family interruption, so that on no account can any person desirous applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is unanimously recommended, and particularly to

Strangers and Travelers.

To avoid and escape imposition of Foreign and Native Quacks, more numerous in Boston than other large cities.

DR. L. DIX

promptly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through no long experience, practice and observation,

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Many exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, now obtained, unknown; and only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines BY THE DEAD, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS!

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon MERCURY, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his list—Extracts, Specifics, Antidotes, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, alas! nothing is said of the latter; some of whom die, others grow worse, and are left to linger and suffer for months or years, and relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and necessarily spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

TO THE LADIES.—The celebrated DR. L. DIX particularly invites all ladies who need a Medical or Surgical adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their special accommodation.

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

Psychomancy.

This word is derived from the Greek, signifying that power of the soul, spirit or mind, and is the basis of all human knowledge. Psychomancy is the title of a new work of 400 pages, by HERBERT HAMILTON, M. A., giving full instruction in the science of Soul Charming and Psychologic Fascination; how to exert such wonderful power over men or animals instantaneously, at will. It teaches Mesmerism, How to Induce Trance or Will Mediums, Divination, Spiritualism, Alchemy, Palmistry, Philosophy of Omens and Dreams, Brigham Young's Harem, Guide to Marriage, &c. This is the only book in English language professing to teach this occult power, and is of immense advantage to the Merchant in selling goods, the Lawyer in gaining the confidence of Jurors, the Physician in healing the sick, to lovers, in securing the affections of the opposite sex, and all seeking riches or happiness. Price by mail in cloth, $1.50; paper covers, $1. Agents wanted for this book. Female Medical Works, Perfumery, Jewelry, &c., who will receive sample free. Address T. W.
